FREE Trust-Based Relational Intervention (TBRI):

One of the training listed on [TEA Mental Health Best Practice List](#) for Trauma-Informed Care is- [Trust Based Relational Intervention](#)

TBRI® is designed for children from “hard places” such as abuse, neglect, and/or trauma. Because of their histories, it is often difficult for these children to trust the loving adults in their lives, which often results in perplexing behaviors. TBRI® offers practical tools for parents, caregivers, teachers, or anyone who works with children, to see the “whole child” in their care and help that child reach his highest potential.

This Trauma Training is being offered **FREE** for 30 days from the Karen Purvis Institute at TCU at this link-

<https://icddigital.tcu.edu/us/TBRI-and-Trauma-Informed-Classrooms/p/136456>

This is normally a \$400 training. This would be a great opportunity to let you districts know about.
