

PARENT/GUARDIAN NOTIFICATION OF PARTICIPATION IN
THE 2018 NORTHERN KENTUCKY RESILIENCY POLL

Between September 17 and October 12, your student will be participating in a brief, assessment. The Resiliency Poll is a web-based survey for students in grades 3 through 12 that measures: hope for the future, engagement with school, and wellbeing.

Hope is the ideas and energy students have for the future. **Engagement** is the student's level of involvement in and enthusiasm for school. **Wellbeing** is how students think about and experience their lives. These variables, based in a wide-range of research and scholarship, are positioned as actionable targets and indicators of success, with links to grades, achievement scores, retention and employment. Through the Resiliency Poll, schools, districts and communities can gather sound, actionable data that can help explain and address school-related challenges and provide key indicators of what can be reinforced to support success for all students. The Resiliency Poll gives students a voice to convey their daily experiences and aspirations for the future.

Our school will receive a composite score on hope, engagement and wellbeing for your student. The assessment will provide school and district leaders with important data outside of standard measures, such as credits earned, GPA and test scores, which can inform our school's programming and initiatives to help ensure success for every student in the future. Your student's individual score will not be shared beyond our school district. Please contact your school principal if you have questions.

If you do NOT wish to have your student participate in the Northern Kentucky Resiliency Poll, you must sign and return this form indicating your refusal to grant permission for your student to participate. The form must be returned to the school (Cathy [Schafer](mailto:cathy.schafer@boone.kyschools.us)) by September 12.
