CENTER NEWS

The Center for a Healthy Maryland is a dedicated affiliate of MedChi, the Maryland State Medical Society. Established in 1976, the Center operates as a 501©(3) non-profit organization. Our mission is to advance the practice of medicine, enhance the quality of medical care, and promote the health of Maryland's citizens. We support a range of educational and charitable activities.

Our operations are primarily funded through generous donations from individuals and organizations who share our commitment to public health and medical excellence. These contributions enable us to continue our vital work in supporting physicians and improving healthcare outcomes across the state.

Our Mission: **EDUCATE** to advance the practice of medicine, and enhance the quality of medical care. **PROMOTE** the health of the citizens of the State of Maryland. Explore and **PRESERVE** the history of Maryland medicine and MedChi's archives.

The Maryland Physician Health Program: Provides assistance to physicians who may experience burnout, mental health or behavioral issues, as well as substance or alcohol abuse. Helping one physician helps a thousand patients.

Public Health: Maternal Mortality review, Domestic Violence and social determinants of help, are just a few things the Center focuses on when it comes to the health of Maryland citizens
