Candidate statement

Please provide any additional commitments or comments concerning British Columbia's on-road and off-road powersports community:

~~Outdoor recreation is an important part of life in British Columbia and contributes significantly to our economy, tourism sector, and local communities.~~

~~As a business owner and Conservative Party of BC candidate for Langford-Highlands, I believe government should work collaboratively with industry, recreation organizations, and communities to protect recreational access, improve road safety, support small businesses, and ensure responsible management of our natural resources.~~

~~I support practical, balanced policies that recognize the contributions of the powersports community while protecting public safety and the environment.~~

~~If elected, I will work to ensure these priorities are heard and considered by the provincial government.~~

Signature  Date _____

Please return the completed response to info@bcpowersportsdealers.com by October 21st. BCPDA will not rank or endorse candidates and all responses will be published as and when received.
