

BILINGUAL: SPANISH/ENGLISH STORY TIME WITH IRIS

Join Iris for books, songs, and fun for bilingual storytime using Spanish and English.

Bilingual storytime is for everyone! For families and kids that are not native Spanish speakers, this program offers them a small introduction to the Spanish language and to other cultures. In today's increasingly diverse world, it is important that all kids see a range of cultures and abilities reflected in the stories they read and share, including both kids who look just like them with whom they can identify and kids who are different from whom they can learn.
