Classroom Happenings:

You may have noticed some changes to the classrooms at Aldersgate. Your child is benefiting from these changes.

Aldersgate Christian Preschool is a traditional developmental preschool. Our curriculum is based on the approach called *emergent learning*. Students are given many options throughout the day so that they are working on what is interesting to them. The classrooms are set up with “learning centers” which encourages curiosity and exploration.

3/4 Classes

Children are given opportunities to paint at an easel or enjoy other art activities throughout the day, when they feel creative

Students in Pre-K learn the different parts of a pinecone and take turns examining it.

Emergent curriculum is a way of planning **curriculum** that is based on the children's interest and passion at a certain point in time. Children thrive and learn best when their interests are captured. Learning occurs naturally. This method requires observation and flexibility on the part of the teacher. The emergent curriculum approach helps teachers gain a better understanding of the individual student as well as their entire class.

First Step & 2/3 Classes

Our First Step and 2/3 Classes are busy getting acquainted with our preschool and each other. For many of our youngest students, this is their first experience away from their parents for an extended period. They are learning how fun school can be.

NOVEMBER FOOD & CLOTHING DRIVE

This year's clothing drive will begin in November. We will be collecting new and gently used jackets, hats, scarves, mittens, gloves, sweaters, blankets, socks and other warm clothing. The clothing we collect will be donated to the Issaquah Clothing Bank. We will also collect non perishable food items for the Food Bank. Please put your donations in the designated boxes outside the office and Smith Hall beginning in November. Thank you for your generosity.
