

Lent 2018: The Great I AM

February 14

Ash Wednesday (7pm)

Lenten Study to Begin

- Anyone can speak to God... available to all
- Would love to hear about people's times of dust and ashes and the conversations that happened at those times
- We are literally dust and ashes. Let's start with fundamentals.
- We are also the stuff of stars and the universe. How does that fit in?

February 18

- "cartography" map making study, conveying the meaning and essence of a country
- Maps also convey the ecological impact of a people or country
- X marks the spot
- Maps with info that mean something different from what we immediately expect, eg. Russian maps that don't center on sea level or Amazon basin maps that revolve around water not land.

February 25

2nd Sunday in Lent

"I Am the Light"

**What is the Darkness**  
**John 8:12**

Out

In

Down

- I am statements
- Darkness is absence of light
- Other kinds of lights: porch light means no one's home on Halloween,
- Would love a service in the sanctuary without any overhead lights, but with all kinds of lamps, lanterns, candles, etc.
- Can we walk into the dark and not turn it dark once we are there?
- Would reflective strips on the stairs to the chancel help with safety?
- Can we issue flashlights to ushers and/or those with walkers?
- Possibly hang Christmas lights or fairy lights where the wreaths were in Advent? Use warm colored light bulbs, think about how to reduce ugliness when overhead lights are on?
- Can we use extra lights throughout the season?

Random thought for Lent: Can we put Alleluias away? This would involve changing the doxology in the second service. We could bring them back for Easter. It goes with the Shrove Tuesday plans at Bellevue First UMC.
