

We're looking to hire good folks to join us for the 2021 growing season. Strong Preference will go to applicants hoping to farm with us for the entire 2021 season and beyond.

Full time and part time positions available, 3-5 days a week (5 days/week preferred), 8 hours per day of field work, harvest and market prep, with the possibility of farmers market sales.

Skinny Dip Farm is a diverse, 5 acre certified organic vegetable and flower farm located in South Westport, MA and Little Compton, RI. We are looking for help doing a wide range of field work including hoeing, hand weeding, harvest, planting, washing produce, and selling at farmers markets. Applicants must be capable of lifting 50 lbs, tolerant of working outside in all types of weather, and enthusiastic about working alone and with other people doing work that is often repetitive. Some farming experience is preferred, as is familiarity with functioning in the cold (largely a matter of wardrobe). Reliable transportation to Westport \*and\* Little Compton required. We have four 30' x 96' high tunnels that keep us busy straight through the winter harvesting and marketing fresh greens to go along with what we've put in storage, so year round work is available.

Pay ranges from \$13.50-15/ hour, potentially more for experienced applicants, plus lots of seasonal, organic produce. No housing provided.

For the right person there is opportunity to grow into an assistant field manager/ CSA coordinator/ washstand lead/ crew leader/ floral extraordinaire/ livestock guru. Come show us you're reliable, talented and ready to take on responsibility and we can talk longer term.

We take Covid 19 very seriously as a public health emergency and expect our workers to as well. If you are unwilling to wear a mask while working or have not altered your personal life to reduce risk, please do not waste your time reaching out.

Email is our preferred method of contact for questions or if you are interested in working with us: [skinnydipfarm@yahoo.com](mailto:skinnydipfarm@yahoo.com). Please include some info about yourself including your relevant work experience, or send a resume if you have one. For more information about the farm check out our blog at [www.skinnydipfarm.com](http://www.skinnydipfarm.com)
