

## **Supplier Scouting Overview Webinar**

### **Session Overview**

As a member of The MEP National Network (MEPNN), Nevada Industry Excellence is able to connect you to our Supplier Scouting assistance services that can be applied on a national, regional, or local scale of interest or need. By leveraging extensive relationships and knowledge of U.S. manufacturer capabilities, Nevada Industry Excellence (NVIE) and this network is able to identify manufacturers' production and technical capabilities and connect them with companies seeking to strengthen their supply chain.

During this session the NIST MEP supplier scouting team will provide an overview of the MEP program and MEPNN supplier scouting to include such topics as Buy America, reshoring, and the supplier scouting process.

### **Who Should Attend:**

- Business Owners
- General Managers
- Production Leads & Managers
- Supply Chain Leads & Managers
- Manufacturing Leads & Managers
- Purchasing Leads & Managers
- Vendor & Resource Leads & Managers

### **Presenters:**

Sam Webb, Project and Resource Coordinator

Andrew Peterson, General Engineer

Robert Barnes, Administrative Assistant

### **NIST MEP Extension Services Division**

Samm Webb is the Project and Resource Coordinator with the NIST MEP Extension Services Division. Her primary focus area is Supplier Scouting, where she manages MEP National Network™ supplier scouting activities and coordinates with other Federal agencies, MEP Centers, partners, and organizations. She also manages working group (WG) administration, where she oversees WG activities, and coordinates projects to assist the National Network project management team. Additionally, she manages, and coordinates information and documents being published for the National Network and from the National Network. Samm has been with the Program 25 years and graduated from the University of Maryland University College with a Bachelor of Science in Business.
