CUPE·SCFP

As CUPE education workers, we deliver the services that children, families and schools depend on.

That's why we're saying

NO to dirty, unsafe and understaffed schools
NO to shortchanging students with special needs
NO to school libraries that close during the day
NO to putting children's early learning at risk
NO to cuts that harm students' achievement and well-being

Support our fight for high-quality services for students in Ontario's public education system. Find out more at **osbcu.ca**.
