

Backgrounder

Canada and Saskatchewan invest in 28 infrastructure projects across the province to build more resilient, greener communities

Joint federal, provincial, and project proponent funding through the Investing in Canada plan will support 28 projects across Saskatchewan.

The Government of Canada is investing more than \$25.4 million towards these 28 projects through the Rural and Northern Infrastructure stream, Green Infrastructure stream, and the Community, Culture and Recreation Infrastructure stream of the Investing in Canada Infrastructure Program. The Government of Saskatchewan is contributing \$19.2 million. Recipients are contributing more than \$14.6 million to these projects and responsible for any additional costs.

Project information
