Building Standards Workshop

Promoting construction of safe, healthy, habitable buildings

The Uniform Building and Accessibility Standards Act Part V Enforcement

Workshops are offered to building owners and managers, industry, municipal officials, building officials, fire officials, designers and all other code users.

The objective of the Building Standards Workshops is to develop a better understanding of the requirements of the UBAS Act and regulations as it relates to enforcement of the NBC.

The Uniform Building and Accessibility Standards Act (the UBAS Act) was first adopted in the mid 1980s. The UBAS Act supported by regulations has continued to be effective in administration of building and accessibility standards. The workshop reviews the UBAS Act and regulations specific to the work of a building officials. Although a building official has a specific role as the authorized representative of a local authority, they must also be versed in the provisions of the UBAS Act and regulations in order to advise the local authority on the effective application of legislation. The workshop will include powers, orders, appeal process, and enforcement.
