

CENTRALSOURCE CAPITAL PURCHASING PROGRAM

FLEET & FUEL SOLUTIONS

The Perfect Solution For Fleet Management

Gasboy is the leading brand of equipment and turnkey solutions for fleet operators. Gasboy fleet management systems include the industry's most comprehensive, fully automated, cloud-based fuel management enterprise system.

Gasboy solutions automate supply, inventory, fueling, reconciliation, site monitoring, and asset maintenance information for end customers.

SOLUTION FEATURES

- ✓ Control fuel dispensing through enhanced authorization methods
- ✓ Reconcile every fueling transaction from delivery through dispense
- ✓ Protect fuel inventory by only allowing authorized assets access to fuel
