

# CAPITAL PURCHASE PROGRAM

## Purchasing Simplified

As a member of SUMA, you can now buy from many of the top manufacturers and suppliers in the country. Our new Capital Purchase Program offers you savings **without the hassle of tendering**.

SUMA and Sourcewell (formerly the National Joint Powers Alliance) have partnered to **ease the capital purchasing process** for equipment, products, and services. Together, we have created business and service relationships with suppliers through a competitively tendered process — **done on your behalf**.
