## Notice of Construction – PR-2814D

October 2025 to December 2025

### About This Project

#### IMPROVEMENTS

Beginning in October 2025, Halton Region will commence construction on a new watermain within an easement near Progress Court, Ward 2 in the Town of Oakville. This work will maintain the existing infrastructure in a state of good repair and allow for the continued delivery of reliable water services to meet the needs of future demand.

The contractor for this project is DESO Construction Ltd with project administration by WSP. Construction is anticipated to be completed by December 2025.

#### PLANNING AHEAD

To help you plan ahead for construction activity, please read the project related information below. Wherever possible, mitigation plans will be put in place to minimize disruptions.

**Dust and mud:** There may be increased levels of dust and mud near the work site. The contractor is required to manage these impacts.

**Erosion and sediment controls:** We will install erosion and sediment control measures for the duration of the project.

**Night work:** Night work may be required as part of this project. We will provide advance notice of any change in work hours if night work is required.

**Noise:** Night work may be required as part of this project. We will provide advance notice of any change in work hours if night work is required.

**Property restoration:** Final property restoration will be completed towards the end of the construction project (weather permitting).

**Truck traffic:** You will notice occasional increases in truck traffic around the ongoing work. Please be aware and use extra caution while driving.

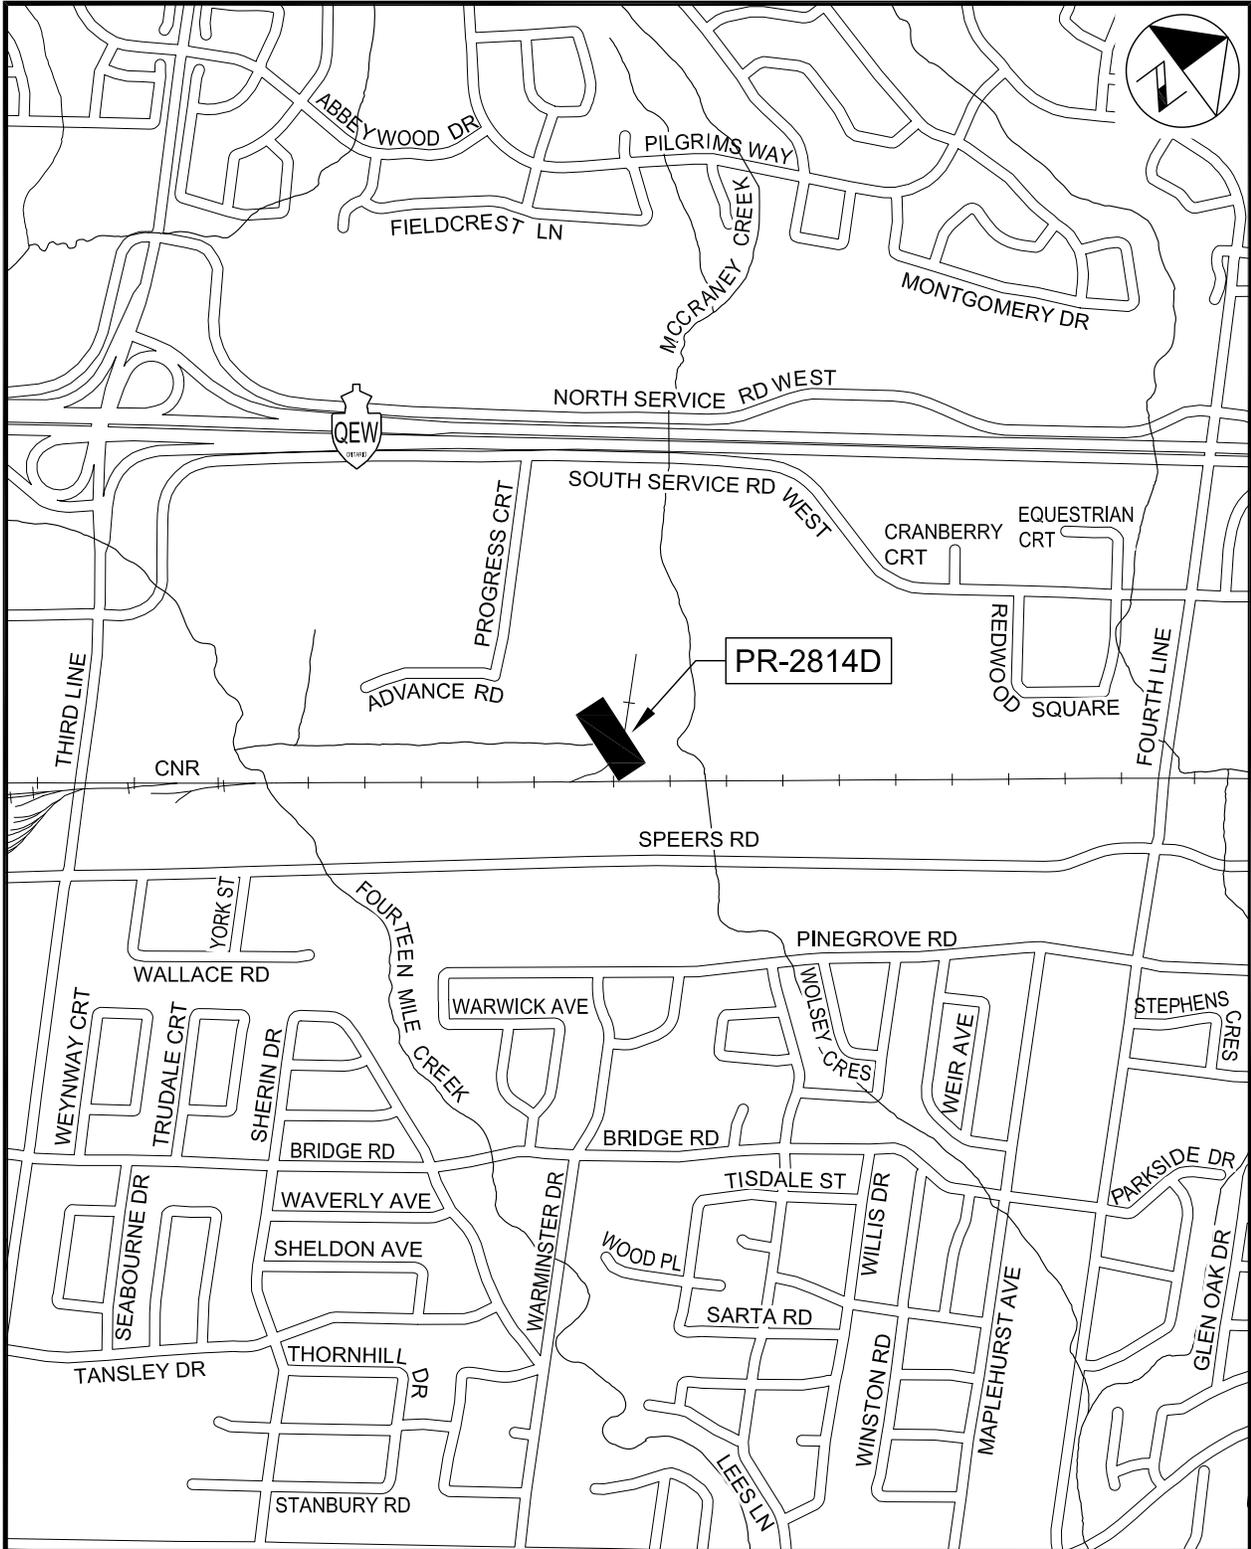

**Water disruptions:** At this time, disruption to your water services are not expected. Halton Region will provide at least 48 hours of advance written notice of any scheduled shutdowns or disruptions if required.

## MORE INFORMATION

Building a Better Halton is about more than construction. It is about investments in infrastructure, service delivery improvements and building complete communities that maintain the high quality of life that residents expect and enjoy.
