

EPIC INTER-GENERATIONAL SCAVENGER HUNTS

These hunts are **great** for anyone who can comfortably walk through a town core for roughly 90 minutes.

Here's what you'll need:

- One (or more) elder
- One (or more) younger
- A camera
- Your sense of curiosity

Here's how it works:

Your team will be given a map, a granola bar and a list of things to do, find, explore, talk about.

- Different things are worth a different amount of points.
- The clues vary from silly ones (*take a photo of your team on a bench acting goofy*), to insightful ones (*find a sign expressing an opinion and agree or disagree with that opinion*), to quick things you may never have noticed before (*what animal sits on top of the roof of May's restaurant*).

After the hunt, arrive back at our designated meeting place and debrief with the other teams. The winning team gets a small prize, but everyone gets some tasty snacks and the satisfaction of working together.

Epic Inter-Generational Scavenger Hunts are specifically designed by an adventurous school counselor to create and support family bonding and fun!
