

ABOUT FLORIDA'S FCA **LEADERSHIP CAMP**

DISCIPLESHIP DEVELOPMENT

Some of our primary goals are to Engage, Equip and Empower rising 6th graders through graduating seniors . . .

- As God's missionaries commissioned and sent out to transform their campus, teams and coaches by the power of Jesus Christ.
- As student leaders who effectively carry out FCA ministry on their campus, on their teams and in their community: leading huddles, praying in public, sharing their testimony, communicating The FOUR, plan and facilitate Fields of Faith, develop and execute their E3 campus discipleship strategy, etc.
- As student leaders who passionately seek God's heart and His plan for their life through corporate worship, Bible study, quiet time, small group discussion, positive competition and team building.
- As student leaders who are capable of leading with excellence through leadership development activities, coaching, life disciplines, evaluation and real-time application.

SPIRITUAL DEVELOPMENT

First Year Track: how to lead a huddle, my 2 minute testimony, sharing The FOUR, praying in public

Second Year Track: Apologetics 101, Biblical leadership, Old Testament overview, leading a Discovery Bible Study

Third Year Track: apologetics 202, making disciples like Jesus, servant leadership, leading a Discovery Bible Study

TEAM DEVELOPMENT

Students will experience all aspects of our camp as a campus team. Students are grouped into huddles according to their gender, age/grade and school they attend. Our prayer is that each huddle will grow closer together as a team working together to learn and improve leading FCA ministry on their campus. We focus on presenting each huddle/campus team challenges and initiatives designed to strengthen their team dynamics. Every team challenge will be followed with discussion and evaluation that enhances the team's effectiveness with practical tools for improvement.
