Petrolia & Area Kiwanis Club Receives Grant for Splash Pad

(Note: The Petrolia and Area Kiwanis Club celebrated their third birthday, chartered April 24, 2021)

Darlene Lassaline, Secretary of the Kiwanis Club of Petrolia and Area with $8000 cheque from KFC for new Petrolia Splash Pad.

Thank you to the Kiwanis Foundation of Canada for the generous donation of $8000 to assist in the building of the Kiwanis Club of Petrolia and Area Splash Pad, in Petrolia, ON. The splash pad will be built north of our local YMCA. The Town of Petrolia has received a federal grant to develop this area into soccer pitches, washrooms and walking trails. It makes this the ideal location for our splash pad to be built as well. The local YMCA is excited to have a splash pad close by to utilize with their summer camp programs as well.

The historic Town of Petrolia is also turning 150 years old. It is the year of celebrations in recognition of this milestone birthday in our community. As a club we are excited and proud to be able to contribute a long-awaited splash pad to our town. What a birthday present for the Town of Petrolia and for the members of our community to enjoy for many years!

The projected completion date for the splash pad is August 2024. The attached drawing is a rendering of the completed play area. All items for the splash pad are here in town and ready to be installed once the infrastructure is complete.

Big projects such as splash pads do not happen without donations from different contributors. We again are grateful for the financial support given to us by the Kiwanis Foundation of Canada.
