

WELCOME OUR SPECIALIST

KELLEE PARKER, DO

Department of Pediatrics

Kellee Parker, DO, has joined the Hematology/Oncology Division, Department of Pediatrics at the University of Utah School of Medicine as an Assistant Professor. She is a member of the Leukemia and Lymphoma team at the University of Utah and Primary Children's Hospital.

Dr. Parker received her medical degree from Rocky Vista University, completed her Pediatric residency and Pediatric Hematology and Oncology Fellowship at Oregon Health & Science University. She also received additional training in clinical research through the Masters in Clinical Research program at Oregon Health & Science University.

Dr. Parker's clinical interests include care of children with leukemia, lymphoma and various other childhood cancers. She is also interested in the long-term care of patients that have survived childhood cancer. Her research interests include improved care for childhood cancer survivors and their families and decision-making for enrollment in clinical trials within pediatric oncology.
