

Tucker's **NOVEMBER TIPS**

*Giving Thanks, Staying Safe,
and Saving Money.*

As we head into the holiday season, Tucker has a few timely reminders to help you stay safe, save money, and make the most of this special time of year.

GIVE THANKS

BE THANKFUL FOR FAMILY CONNECTIONS

Thanksgiving is a wonderful time to reconnect with family and friends, share favorite traditions, and appreciate the people who make life special.

SHOP SMART

SAVE MONEY ON HOLIDAY SHOPPING

Compare prices, watch for misleading “limited-time” deals, and set a spending budget before Black Friday and Cyber Monday.

STAY ALERT

WATCH FOR HOLIDAY SCAMS

Be cautious of suspicious delivery texts or emails, unfamiliar shopping websites, and requests for gift-card payments. When in doubt, verify before you click!

PREPARE YOUR HOME

GET READY FOR COLDER WEATHER

Check your heating system, replace furnace filters, test smoke and carbon-monoxide detectors, and take steps to prevent frozen pipes.

KEEP PETS SAFE

LOOK OUT FOR YOUR PETS, TOO

Keep pets warm, safe, and comfortable as temperatures drop. Check their ID tags, keep them indoors during very cold weather, and be extra careful with holiday foods that aren't pet-friendly.

BE PREPARED

GIVE YOUR FAMILY PEACE OF MIND

Make sure important documents—such as insurance policies, emergency contacts, and a list of key accounts—are up to date and easy for your loved ones to find.

One Friendly Reminder

A little preparation today can make the holiday season safer, happier, and less stressful for you and your family.
