

## CORNERSTONE BAPTIST CHURCH

### PRAYER AND PRAISE

June 18, 2025

“And this is my prayer; that your love may abound more and more in knowledge and depth of insight, so that you may be able to discern what is best and may be pure and blameless until the day of Christ, filled with the fruit of righteousness that comes through Jesus Christ - to the glory and praise of God.” **Philippians 1:9-11**

#### A. Prayer Requests:

**Vikki Carrow** – Pray for her sister Bonnie who had come home from the hospital but then had to go back because she has kidney stones in both kidneys. She also had vein surgery at one point and they found that one had re-rooted itself and is wrapped around other parts. Please pray for wisdom for the doctors as they figure out what to do

**Gary Williams** – Pray for Mikayla’s ankles to have better range of motion. Her ankles have been broken 3 times in the last year and they have not been the same since.

**Michele Binienda** – Michele’s test results did not show cancer, praise God. She does have something called Primary Sclerosing Cholangitis. Please pray as she will have to get an MRI each year.

**Kathi Sherrill** – Rick will have shoulder replacement surgery tomorrow. Please pray for a smooth recovery with no complications.

**Joy Sam** – Christian is now home on Hospice. Please pray for strength for Joy and the children.

**Nancy & Bert Spalding** – Please pray for their great nephew Owen who was born last week 4 months early. Please pray that this time of struggle brings his parents to salvation.

Seth has been struggling with some ongoing breathing issues that he will pursue further upon arrival back in the States. 3. Wisdom for the national NLC leadership team-especially as Pastor Theo leads the church in Seth’s absence. 4. Continued growth in godliness and Christ-like maturity of the members of New Life Church of Lubumbashi.

#### F. Portugal

Pray for church planting efforts in Portugal. Many congregations closed down, and many others have appeared. Nearly half of current evangelical congregations were started since 2001, and the vision to grow and plant more churches is widespread. Several groups adopted cell-church models but face the difficulty that, for many Portuguese, a physical building is what communicates religious legitimacy. Pray for continued church growth, for affordable and appropriate meeting places and for leaders for these future churches. While there is reason to be encouraged, evangelical growth is quite uneven across the country.
