Parents are **THE** most
powerful influence
in their kid's life.
It really PAYS to know!

It PAYS to Ask! It PAYS to Know!

The Pennsylvania Youth Survey, a comprehensive, anonymous and voluntary survey given every other year to students in grades 6, 8, 9, 10 and 12, examines behaviors, experiences and other factors that influence the health and well-being of Chester County's youth. The results provide a snapshot of our area youth and serve as a primary tool in determining prevention approach and programming.

Mark your calendar for additional 2016/17 ARCH programs:

1. Nov 9, 2016 – **[If Only](#)** Screening & Panel Discussion, 7pm, at TEMS

ARCH is a 501(3)(c) coalition of parents, educators, and community members committed to promoting the well-being of youth in Tredyffrin and Easttown Townships. We serve as a resource to families as they help their children form a positive self-image, make healthy choices, and reduce the use of alcohol, tobacco and other drugs (ATOD). www.archcares.org
