May 1, 2019

Dear Parent/Guardian:

Recently, the School Board approved a change in school start and end times for the 2019/2020 school year. In conjunction with those later start and end times and to better serve our students through enhanced efficiencies in transportation services, the District has initiated a **mandatory** "Opt-In" student transportation program.

To ensure your child/children will have transportation services to and from their school available to them for the 2019/2020 school year, it is **mandatory** to complete the "Opt-In" Student Transportation Request Form (see reverse side). One request per child needs to be completed and submitted to the District Transportation Department by June 15, 2019. If you do not complete the "Opt-In" Student Transportation Request Form, your child will not receive transportation services. This form can also be completed and submitted electronically by visiting our web site at: www.tesd.net/BusOptin.

Should you experience extenuating circumstances that require you to change your child/children's transportation status, please contact the District Transportation Department. Please keep in mind that request forms received after June 15th may result in a less efficient transportation solution for your child.

Should you have any questions or concerns, please contact the District Transportation Department at 610-240-1680. Thank you for your cooperation.

Respectfully,

Karen L Henry
Transportation Supervisor
Tredyffrin/Easttown School District
