

# FOCUS ON READING

Wednesday, October 25th 2017  
6:30 - 8:30 PM  
Valley Forge Middle School  
Free Event

## Would you like to help a struggling reader?

Especially for TESD teachers and parents of children who are struggling readers of any age, BUILD is sponsoring Experience Dyslexia®, A Simulation in conjunction with the Pennsylvania Branch of the International Dyslexia Association. This is a free event where participants will hear a brief discussion of dyslexia, including the neurological basis, the demographics, the warning signs, and the interventions which have been shown, through solid research, to have positive impact. Participants then take part in six simulated activities which mimic the experiences and processing of those with dyslexia.

"Dyslexia is an **unexpected difficulty with reading**. It does not indicate a lack of intelligence or desire to learn."

-Sally Shaywitz, Yale Center for Dyslexia
