- ◆ Dairy in Your Day

***Activity: Self Care and Makeovers by Gordon Cooper Cosmetology Class**

Gordon Cooper Technology Center Cosmetology Class will be hosting our activity of Self Care and Makeovers. They will be talking about makeup and ways to it apply on different skins types and how to conceal wrinkles. In addition to them speaking with the group, there will be an opportunity for their students to do makeovers on the group to help the students demonstrate some of the skills they have learned throughout the year. We are trying to get a head-count of about how many students will be needed for us. If this is something that you would like to participate in, please let us know in the registration form. We would love to have a great turn out and have you participating in both opportunities.

Lesson packets will be available after the event is presented. Clubs can then determine which lesson they would like to present at the club level each month from the lessons available from this event.

Otherwise, please make packet requests at least two(2) weeks prior to your club meeting to pick up lessons at the office.
