Notes:

SPRING OPENING:

1. Please contact Braeside office at least 3 days prior to arriving to have your water valve turned on at the street.
2. **DO NOT** turn your water heater breaker on until water tank is completely full
3. Run your water for several minutes to remove residual antifreeze from pipes and water heater
4. We cannot guarantee the condition of the plumbing in the spring in the event of a freeze prior to the date you requested for winterization
