

Kitsap Christian Conference: We see athletics as an important part of our schools because it offers opportunities to develop the whole child. The physical Development is cared for here better than in most other areas because success in athletics requires speed, agility, coordination, and body control as no other activity does. The emphasis of our program will be on learning and character development. May God bless our students, coaches and schools through the medium of athletics, and help us to serve and glorify Him.

St. Nicholas Eagles

Track 2024

Registration Due: first day of practice

Grades: 3-8th

Fee: \$50

Participant Information (All information is required)

1. _____	Grade ____	Birthdate _____
