This brochure provides information about the qualifications and business practices of Wealth Advisors of Tampa Bay, LLC. If you have any questions about the contents of this brochure, please contact us by telephone at (813) 642-7730 or email fgiles@wealthadvtb.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority. Additional information about Wealth Advisors of Tampa Bay, LLC also is available on the SEC's website at www.adviserinfo.sec.gov.

Please note that the use of the term "registered investment adviser" and description of Wealth Advisors of Tampa Bay, LLC and/or our associates as "registered" does not imply a certain level of skill or training. You are encouraged to review this Brochure and Brochure Supplements for our firm's associates who advise you for more information on the qualifications of our firm and our employees.

Item 2: Material Changes to Our Part 2A of Form ADV: Firm Brochure

Wealth Advisors of Tampa Bay, LLC is required to advise you of any material changes to our Firm Brochure ("Brochure") from our last annual update, identify those changes on the cover page of our Brochure or on the page immediately following the cover page, or in a separate communication accompanying our Brochure.

Since the last annual amendment filed on 03/05/2020, the following changes have been made:

- Item 18 Financial Information has been updated to disclose that our firm has obtained financial assistance by participating in the Paycheck Protection Program established by the U.S. Small Business Administration.

Item 4: Advisory Business

We specialize in the following types of services: Wrap Comprehensive Portfolio Management, Financial Planning and Consulting, and LPL Sponsored Activity Programs.

We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a limited liability company formed in the State of Florida. Our firm has been in business as an investment adviser since 2012 and is owned as follows:

- Robert F. Giles, Jr. – 77% Owner
- Robert F. Giles, III – 23% Owner

Description of the Types of Advisory Services We Offer

Wrap Comprehensive Portfolio Management:

We offer Comprehensive Portfolio Management services through wrapped accounts only. Please see our separate Wrap Fee Program Brochure for complete information regarding this advisory service.

Financial Planning & Consulting:

We provide a variety of financial planning and consultation services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning and consulting services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investments, Retirement, Estate, Charitable Giving, Education, Major Purchases, Life Insurance, Disability, and Long-term Care.

Our written financial plans or financial consultations rendered to the clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney, or other specialist as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, and our firm's observations and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans and/or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

LPL Sponsored Advisory Programs:

When appropriate we have the ability to provide advisory services through certain programs sponsored by LPL Financial, LLC ("LPL"). Below is a brief description of each LPL advisory program available to us. Annualized fees for participation in LPL advisory programs vary up to maximum of 3.00%. For more information regarding the LPL programs, including more information on the

advisory services and fees that apply, the types of investments available in the programs and the potential conflicts of interest presented by the programs please see the LPL Financial Form ADV Part 2 or the applicable LPL program's Wrap Fee Program Brochure and the applicable LPL Financial client agreement.

- **Manager Access Select Program ("MAS"):**

MAS provides clients access to the investment advisory services of professional portfolio management firms for the individual management of client accounts. We will assist client in identifying a third party portfolio manager (Portfolio Manager) from a list of Portfolio Managers made available by LPL Financial. The Portfolio Manager manages client's assets on a discretionary basis. We will provide initial and ongoing assistance regarding the Portfolio Manager selection process. A minimum account value of \$100,000 is required for Manager Access Select, however, in certain instances, the minimum account size may be lower or higher.

Tailoring of Advisory Services

We offer individualized investment advice to clients utilizing our Wrap Comprehensive Portfolio Management service. Additionally, we offer general investment advice to Financial Planning and Consulting clients and clients utilizing our LPL Sponsored Advisory Program service.

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Wrap Comprehensive Portfolio Management service. We do not manage assets through our other services.

Participation in Wrap Fee Programs

We offer a wrap fee program as further described in Part 2A, Appendix 1 (the "Wrap Fee Program Brochure") of our Brochure. Our wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. As further described in our Wrap Fee Program Brochure, we receive a portion of the wrap fee for our services.

Regulatory Assets Under Management

As of 12/31/2020, we manage¹ \$276,142,704 on a discretionary basis and \$0 on a non-discretionary basis.

¹ Please note that our method for computing the amount of "client assets we manage" can be different from the method for computing "assets under management" required for Item 5.F in Part 1A of Form ADV. We have chosen to follow the method outlined for Item 5.F in Part 1A of Form ADV. If we decide to use a different method at a later date to compute "client assets we manage," we must keep documentation describing the method we use and inform you of the change. The amount of assets we manage may be disclosed by rounding to the nearest \$100,000. Our "as of" date must not be more than three months before the date we last updated our Brochure in response to Item 4.E of Form ADV Part 2A.

Item 5: Fees & Compensation

How We Are Compensated for Our Advisory Services

Wrap Comprehensive Portfolio Management:

Please see our Wrap Fee Program Brochure.

Financial Planning & Consulting:

We charge either on an hourly or flat fee basis for standalone financial planning and consulting services based on the amount of assets involved in the financial planning. Fees are negotiable and the ultimate fee that we charge you is based on the scope and complexity of our engagement with you. Fees are based on an hourly rate of \$200/hr. and include both initial planning charges and ongoing maintenance, where designated in the agreement. Initial planning charges for financial planning involving assets less than \$1.5 million range from \$800 to \$5,000 depending on complexity and ongoing annual maintenance fees range from \$200 to \$1,200. Financial planning involving assets in excess of \$1.5 million will be priced based on complexity and services rendered. Clients may also elect to engage our firm for single module financial planning and consulting with fees ranging from \$200 to \$1,200 per module depending on complexity. The maximum fixed fee charged for this service will not exceed \$10,000.

We require a retainer of fifty percent (50%) of the estimated total financial planning or consulting fee with the remainder of the fee directly billed to you and due to us within thirty (30) days of your financial plan being delivered or consultation rendered to you. In all cases, we will not require a retainer exceeding \$1,200 when services cannot be rendered within six (6) months.

LPL Sponsored Advisory Programs:

The account fee charged to the client for each LPL Financial advisory program varies up to a maximum of 3.00%. Account fees are payable quarterly in advance. Fees are negotiable. The actual fee assessed will be disclosed in the program. LPL Financial serves as program sponsor, investment advisor and broker-dealer for the LPL Financial advisory programs. Our firm and LPL Financial share in the account fee and other fees associated with program accounts.

Other Types of Fees & Expenses

Wrap fee clients will receive our Form ADV, Part 2A, Appendix 1 (the "Wrap Fee Program Brochure"). Wrap fee clients will not incur transaction costs for trades. More information about this is disclosed in our separate Wrap Fee Program Brochure.

Termination & Refunds

Either party may terminate the signed advisory agreement at any time. Upon receipt of your notice of termination, LPL will process a pro-rate refund of the unearned portion of the advisory fees charged in advance at the beginning of the quarter.

Financial Planning & Consulting clients may terminate their agreement at any time before the delivery of a financial plan by providing written notice. For purposes of calculating refunds, all work performed by us up to the point of termination shall be calculated at our hourly fee of \$200. Clients

will receive a pro-rata refund of unearned fees based on the time and effort expended by our firm and planner.

Commissionable Securities Sales

In order to sell securities for a commission, our supervised persons are registered representatives of LPL Financial (“LPL”), member FINRA/SIPC. Our supervised persons may accept compensation for the sale of securities or other investment products, including distribution or service (“trail”) fees from the sale of mutual funds. You should be aware that the practice of accepting commissions for the sale of securities:

1. Presents a conflict of interest and gives our firm and/or our supervised persons an incentive to recommend investment products based on the compensation received, rather than on your needs. We generally address commissionable sales conflicts that arise when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn and/or when recommending commissionable mutual funds, explaining that “no-load” funds are also available.
2. In no way prohibits you from purchasing investment products recommended by us through other brokers or agents which are not affiliated with us.

Item 6: Performance-Based Fees & Side-By-Side Management

We do not accept performance-based fees.

Item 7: Types of Clients & Account Requirements

We have the following types of clients:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, Limited Liability Companies and/or Other Business Types.

Our requirements for opening and maintaining accounts or otherwise engaging us:

- We require a minimum account balance of \$100,000 for our Wrap Comprehensive Portfolio Management service with a minimum annual fee of \$1,250. Generally, this minimum account balance requirement is negotiable and would be required throughout the course of the client’s relationship with our firm.
- Comprehensive written financial plans are generally assessed a minimum fee of \$800.

Item 8: Methods of Analysis, Investment Strategies & Risk of Loss

Methods of Analysis

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Charting: In this type of technical analysis, we review charts of market and security activity in an attempt to identify when the market is moving up or down and to predict when how long the trend may last and when that trend might reverse.

Fundamental Analysis: We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell). Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Technical Analysis: We analyze past market movements and apply that analysis to the present in an attempt to recognize recurring patterns of investor behavior and potentially predict future price movement. Technical analysis does not consider the underlying financial condition of a company. This presents a risk in that a poorly-managed or financially unsound company may underperform regardless of market movement.

Cyclical Analysis: In this type of technical analysis, we measure the movements of a particular stock against the overall market in an attempt to predict the price movement of the security.

Third-Party Money Manager Analysis: We examine the experience, expertise, investment philosophies, and past performance of independent third-party investment managers in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We monitor the manager's underlying holdings, strategies, concentrations and leverage as part of our overall periodic risk assessment. Additionally, as part of our due-diligence process, we survey the manager's compliance and business enterprise risks. A risk of investing with a third-party manager who has been successful in the past is that he/she may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in a third-party manager's portfolio, there is also a risk that a manager may deviate from the stated investment mandate or strategy of the portfolio, making it a less suitable investment for our clients. Moreover, as we do not control the manager's daily business and compliance operations, we may be unaware of the lack of internal controls necessary to prevent business, regulatory or reputational deficiencies.

Investment Strategies We Use

We use the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-Term Purchases: When utilizing this strategy, we may purchase securities with the idea of holding them for a relatively long time (typically held for at least a year). A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantages of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell. Typically we employ this sub-strategy when we believe the securities to be well valued; and/or we want exposure to a particular asset class over time, regardless of the current projection for this class.

Short-Term Purchases: When utilizing this strategy, we may also purchase securities with the idea of selling them within a relatively short time (typically a year or less). We do this in an attempt to take advantage of conditions that we believe will soon result in a price swing in the securities we purchase.

Risk of Loss

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

Description of Material, Significant or Unusual Risks

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to Wrap Comprehensive Portfolio Management as applicable.

Item 9: Disciplinary Information

There are no legal or disciplinary events that are material to the evaluation of our advisory business or the integrity of our management.

Item 10: Other Financial Industry Activities & Affiliations

As registered representatives of LPL, representatives of our firm may offer securities and receive normal and customary commissions as a result of securities transactions. Additionally, representatives of our firm are licensed insurance agents and may offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest may arise as these commissionable securities and insurance sales may create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn. In order to minimize this conflict, representatives of our firm will adhere to our firm's Code of Ethics and act in the best interests of the client.

The compensation paid to us by LPL Sponsored Advisory Programs may vary, and thus, there may be a conflict of interest in recommending a manager who shares a larger portion of its advisory fees over another manager. Our firm's fees are not higher than they would have been had our client obtained services directly from the third party money manager. Prior to the use of LPL Sponsored Advisory Programs, we will ensure that the program managers are licensed or notice filed with the respective authorities. A potential conflict of interest in utilizing LPL Sponsored Advisory Programs may be an incentive to us in selecting a particular advisor over another in the form of fees or services. In order to minimize this conflict our firm will make our selections in the best interest of our clients.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

An investment adviser is considered a fiduciary and our firm has a fiduciary duty to all clients. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. If a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided upon request.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts². In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics.

Neither our firm nor a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest. Related persons of our firm can also buy or sell securities and other investments that are recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics. Further, our related persons will refrain from buying or selling the same securities prior to buying or selling for our clients in the same day. If related persons' accounts are included in a block trade, our related persons' accounts will be traded in the same manner every time.

Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics.

As a level-fee fiduciary, we maintain a non-variable compensation structure that is provided on the basis of a fixed percentage of the value of assets or a set fee that does not vary with the particular investment recommended, as opposed to a commission or other transaction-based fee.

² For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Item 12: Brokerage Practices

Selecting a Brokerage Firm

We seek to recommend a custodian/broker who will hold your assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others, these:

- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation
- Quality of services

With this in consideration, our firm has an arrangement with LPL Financial ("LPL"), member FINRA/SIPC. LPL offers services to independent investment advisers which include custody of securities, trade execution, clearance and settlement of transactions.

We do not receive soft dollars generated by the securities transactions of our clients. The term "soft dollars" refers to funds which are generated by client trades "commission rebates or credits" being used by our firm to purchase products or services (such as research and enhanced brokerage services) from or through the broker-dealers whom our firm engages to execute securities transactions. In addition, neither our firm nor our related person(s) have authority to determine, without specific client consent, the broker-dealer to be used in any securities transaction or the commission rate to be paid.

Our firm, however, does receive some "eligible" products and services under safe harbor as determined under the Securities and Exchange Act, Section 28(e). These products and services include: national, regional or investment adviser specific educational events organized and/or sponsored by LPL; professional compliance; legal and business consulting; publications and conferences on practice management; information technology; business succession; employee benefits providers; human capital consultants; insurance; and marketing. In addition, LPL will make available, arrange and/or pay vendors for these types of services rendered to our firm by independent third parties. LPL can discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to our firm. While, as a fiduciary, our firm endeavors to act in its clients' best interests, Adviser's requirement that clients maintain their assets in accounts at LPL is based in part on the benefit to our firm of the availability of some of the foregoing products and services and other arrangements and not solely on the nature, cost, or quality of custody and brokerage services provided by LPL, which can create a potential conflict of interest.

As a result of receiving such "eligible" products and services for no cost, we have an incentive to continue to use or expand the use of LPL services. LPL can suggest a level of future business in order to continue

this relationship. Our execution of securities transactions through LPL can be less than the suggested level but will often exceed that level. LPL also makes available to our firm other products and services that benefit us but will not directly benefit our clients' accounts. These benefits will include national, regional or investment adviser specific educational events organized and/or sponsored by LPL. Other potential benefits include occasional business entertainment of personnel of our firm by LPL Financial personnel, including meals, invitations to sporting events, including golf tournaments, and other forms of entertainment, some of which will accompany educational opportunities. Some of these products and services assist our firm in managing and administering clients' accounts. These services can include professional compliance, legal and business consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance, employee benefits providers, human capital consultants, insurance, and marketing. In addition, LPL can make available, arrange and/or pay vendors for these types of services rendered to our firm by independent third parties.

As a result of receiving these services, our firm will have an incentive to continue to use or expand the use of LPL services and to continue to require that clients effect more transactions through LPL than we might otherwise do in order to meet suggested levels. Our firm examined this potential conflict of interest when we chose to enter into the relationship with LPL and we have determined that the relationship is in the best interest of our firm's clients and satisfies our fiduciary obligations, including our duty to seek best execution.

Brokerage for Client Referrals

Our firm does not receive brokerage for client referrals.

Directed Brokerage

We do not recommend other brokers or dealers to execute trades and transactions for client accounts. All trades and transactions are executed through LPL. Our firm's Investment Advisors are registered representatives of LPL. As a result of the individual association of the representatives with LPL, we are generally required to utilize the brokerage/custodial services of LPL for investment advisory accounts.

Our clients may pay a commission to LPL that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we will not necessarily obtain the lowest possible commission rates for specific client account transactions.

Permissibility of Client-Directed Brokerage

We do not allow client-directed brokerage outside our custodial recommendations.

Special Considerations for ERISA Clients

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

Aggregation of Purchase or Sale

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

Item 13: Review of Accounts or Financial Plans

We review accounts on at least a quarterly basis for our clients subscribing to our Wrap Comprehensive Portfolio Management and LPL Sponsored Advisory Program services. Only our Financial Advisors or Portfolio Managers conduct reviews. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we contact clients who subscribe to our Wrap Comprehensive Portfolio Management and LPL Sponsored Advisory Program services.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

Financial Planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. Financial Planning clients do not receive written or verbal updated reports regarding their financial plans unless they engage our firm for annual maintenance. Our firm is willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

Item 14: Client Referrals & Other Compensation

LPL Financial

Investment or Brokerage Discretion

We provide discretionary portfolio management services where the investment advice provided is custom tailored to meet the needs and investment objectives of each client. Accordingly, we are authorized to perform various functions, at the client's expense, without further approval from the client. Such functions include the determination of securities to be purchased/sold and the amount of securities to be purchased/sold. We do not have discretionary authority over the broker or dealer to be used.

Suggestion of Brokers to Clients

We shall recommend LPL Financial. LPL is the broker-dealer and investment adviser with which our representatives are also associated. As a result of the individual association of our representatives with LPL, we are generally required to utilize the brokerage/custodial services of LPL for investment advisory accounts. Our general policies relative to the execution of client securities brokerage transactions are as follows:

Execution of Brokerage Transactions (when applicable)

If requested, we will arrange for the execution of securities brokerage transactions for the account through broker-dealers that we reasonably believe will provide "best execution". In seeking "best execution", the determinative factor is not the lowest possible commission cost, but whether the transaction represents the best qualitative execution. We also take into consideration the full range of a broker-dealer's services including execution capability, commission rates, and responsiveness. Although we will seek competitive commission rates, it may not necessarily obtain the lowest possible commission rates for account transactions.

Over-the-Counter (OTC) securities transactions for our clients are generally effected based on two (2) separate broker-dealers: (1) a "dealer" or "principal" acting as market-maker; and (2) the executing broker-dealer that acts in an agency capacity for the client's account. Dealers executing principal transactions typically include a mark-up/down, which is included in the offer or bid price of the securities purchased or sold. In addition to the dealer mark-up/down, the client may also incur the transaction fee imposed by the executing broker-dealer. We do not receive any portion of the dealer mark-up/down or the executing broker-dealer transaction fee.

Transactions for each client account generally will be effected independently, unless we decide to purchase or sell the same securities for several clients at approximately the same time. We may, but are not obligated to, combine or "batch" such orders to obtain "best execution", to negotiate more favorable commission rates, to allocate fairly among the clients' differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among our clients in proportion to the purchase and sale orders placed for each client account on any given day. To the extent that we determine to aggregate client orders for the purchase or sale of securities, including securities in which our principals) and/or associated persons) may invest, we shall generally do so in accordance with the parameters set forth in SEC No- Action Letter, SMC

Capital, Inc. We shall not receive any additional compensation or remuneration as a result of the aggregation.

When referring clients to dealers, we will only refer clients to dealers registered in states where the clients reside.

Additional Compensation

Our firm received from LPL Financial one-time upfront transition payments in order to assist our firm with transitioning its business onto the LPL Financial custodial platform. Please note that the benefits from this assistance have been exhausted.

We may receive from LPL or a mutual fund company, without cost and/or at a discount support services and/or products, to assist us to better monitor and service client accounts maintained at such institutions. Included within the support services we may receive investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by us to assist us in our investment advisory business operations.

Our clients do not pay more for investment transactions effected and/or assets maintained at LPL as result of this arrangement. There is no commitment made by us to LPL or any other institution as a result of the above arrangement.

Referral Fees

Our firm does not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206(4)-3 of the Investment Advisers Act of 1940.

Item 15: Custody

We do not have custody of client funds or securities. All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

The SEC issued a no-action letter ("Letter") with respect to the Rule 206(4)-2 ("Custody Rule") under the Investment Advisers Act of 1940 ("Advisers Act"). The letter provided guidance on the Custody Rule as well as clarified that an adviser who has the power to disburse client funds to a third party under a standing letter of instruction ("SLOA") is deemed to have custody.

We are deemed not to hold custody over our clients fund. As such, our firm has adopted the following safeguards in conjunction with our custodian, LPL:

- The client provides an instruction to the qualified custodian, in writing, that includes the client's signature, the third party's name, and either the third party's address or the third party's account number at a custodian to which the transfer should be directed.
- The client authorizes the investment adviser, in writing, either on the qualified custodian's form or separately, to direct transfers to the third party either on a specified schedule or from time to time.
- The client's qualified custodian performs appropriate verification of the instruction, such as a signature review or other method to verify the client's authorization, and provides a transfer of funds notice to the client promptly after each transfer.
- The client has the ability to terminate or change the instruction to the client's qualified custodian.
- The investment adviser has no authority or ability to designate or change the identity of the third party, the address, or any other information about the third party contained in the client's instruction.
- The investment adviser maintains records showing that the third party is not a related party of the investment adviser or located at the same address as the investment adviser.
- The client's qualified custodian sends the client, in writing, an initial notice confirming the instruction and an annual notice reconfirming the instruction.

Item 16: Investment Discretion

Clients need to sign a discretionary investment advisory agreement with our firm for the management of their account. This type of agreement only applies to our Wrap Comprehensive Portfolio Management clients. By granting investment discretion, we are authorized to execute securities transactions, which securities are bought and sold, and the total amount to be bought and sold. Limitations may be imposed by the client in the form of specific constraints on any of these areas of discretion with our firm's written acknowledgement.

Item 17: Voting Client Securities

We do not accept proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Third party money managers selected or recommended by our firm may vote proxies for clients. Therefore, except in the event a third party money manager votes proxies, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Therefore (except for proxies that may be voted by a third party money manager), our firm and/or you shall instruct your qualified custodian to forward to you copies of all proxies and shareholder communications relating to your investment assets.

Item 18: Financial Information

Inclusion of a Balance Sheet

Our firm does not require nor is prepayment solicited for more than \$1,200 in fees per client, 6 months or more in advance. Therefore our firm has not included a balance sheet for our most recent fiscal year.

Disclosure of Financial Condition

Our firm has obtained financial assistance by participating in Paycheck Protection Program (“PPP”) established by the U.S. Small Business Administration (“SBA”). PPP is intended to assist our firm with maintaining our business in response to the COVID-19 pandemic by providing low-interest loans for business essentials such as payroll. These loans are eligible for forgiveness, but it is not guaranteed as it will be based on factors such as being used for payroll, overhead of the firm, and any interest payments previously made to the firm.

Note: With respect to Items 18.A and 18.B, if our firm is registered or is registering only with one or more of the state securities authorities, the dollar amount reporting threshold for including the required balance sheet and for making the required financial condition disclosures is more than \$1,200 in fees per client, 6 months or more in advance.

Bankruptcy Petition

Our firm has nothing to disclose in this regard.
