#214-444-9101

Who and what does your sponsorship support? The 22q Texas Family Camp and Retreat is a unique family experience. Our retreat provides a safe environment for those with 22q11.2 chromosome differences and the families who love them. 22q is a complex genetic condition with over 200 possible anomalies, but no two patients are affected in the same way, often making diagnosis challenging. While very common (almost as common as Down Syndrome), most people and many medical professionals have never heard of it.

That is why the weekend is often life changing. For many it is the first time to meet another family affected by 22q and the first time they realize they are not alone. Kids participate in fun, challenging activities, building independence & confidence by doing things they thought were impossible. Parents are empowered, educated and connected with a strong support system. Families bond together and leave with renewed strength and hope.

These t-shirts are treasured souvenirs and will be worn all across Texas often and for years to come to raise awareness of 22q! Camp will held be November 7-9, 2025. T-shirt Sponsorship deadline September 30, 2025.

22q Texas, Inc. is a 501c3 organization, run by volunteers whose families are affected by 22q
