

Congratulations on your retirement

MRS. KIM BAKOS

Educational Support Assistant

Kim Bakos, educational support assistant, is retiring from Saint Brigid of Kildare School after 23 years of service. Kim started at St. Brigid in 1998 and has worked in first, second, fifth, sixth, and now seventh and eighth grades. "It has been a joy helping students in almost every grade and so encouraging watching them grow in both their academics and faith."

Kim says that "the most meaningful thing about working at St. Brigid has been how it's felt like my second family. There have been so many fond memories filled with laughter, love and support. I truly cherish every year I've spent working here."

After retirement, Kim and her husband Jeff plan to move south and play golf, relax at the beach, and spend more time with their family.

Kim says about her time at St. Brigid, "23 years ago I would've never imagined what an impact St. Brigid would have on my life. I have grown deeper in my faith, and the students I have worked with have taught me so much about the simple treasures in life. I want to thank everyone for touching and enriching my life in very special ways. I will miss you and would like to leave you with one of my favorite quotes -- 'Always stay humble and kind.'"
