

*Congratulations on your retirement*

# **MRS. KATHY TROUTMAN**

*Kindergarten Teacher*

Kathy Troutman is retiring from Saint Brigid of Kildare School after working here for 16 years. She first taught in the preschool for her first seven years, and has spent the last nine years teaching kindergarten. Prior to coming to St. Brigid, Kathy taught at St. Pius X in Norfolk, Virginia, where she taught kindergarten then second grade for five years.

Kathy says that "Teaching kindergarten has been my passion and I will never forget the hundreds of children that I was blessed to teach here at St. Brigid. Every student has a special place in my heart. This year, my first kindergarten class at St. Brigid will be graduating! I feel honored to have been a part of the St. Brigid community and to have known so many wonderful families."

In her retirement, Kathy looks forward to being reunited with her husband who will soon be returning home from a year long military deployment. Although her children live in different cities, she says it will be wonderful to have everyone all together in the Buckeye State. Kathy also looks forward to spending time with her aging parents and taking her dog on daily walks.
