

BMSA's Professional Development Series
Applying Industrial Design to Improve
Yard Layout and Operational Efficiencies
1-1/2 Day Workshop
Tuesday and Wednesday March 21st & 22nd 2017

Mark your calendar to attend BMSA's 1-1/2 day **HANDS ON** Workshop to learn how to assess and improve yard layout! Using a set of sample information to illustrate the process, the hands-on workshop will cover the following steps:

- Grouping product families/SKU's
- Collecting and analyzing delivery and customer pick-up data
- Mapping the "Current State" of the yard by product location, truck staging/loading areas, and customer pick-up driving patterns
- Determining distances traveled by pickers as they assemble orders
- Brainstorming opportunities for improvement
- Developing criteria for evaluating "Future State" layouts
- Create new layout options
- Determining best "Future State" layout and evaluate layout against criteria and new travel distances
- Developing the implementation plan

Day One March 21st 1PM-4PM: Introductions to "kaizen" (continuous improvement), yard assessment methodology, and workshop materials.

Day Two March 22nd 8AM-4PM: Using **Excel spreadsheets** for analyzing the data, participants will prepare a road map and timeline to improve the efficiency of the lumber yard layout. **Laptops will be used in groups, so please bring a device if you have access.**

SPECIAL NOTE:

There will be a one hour homework assignment that will be distributed two weeks prior to the workshop. Completing this assignment prior to the workshop will help participants better utilize their time during the sessions.

Your Instructor:

Scott Morrison is the President/Owner of Scott Morrison Consulting, LLC, which works with LBM dealers (many with accompanying manufacturing facilities) across the US to teach them how to identify and systematically reduce and eliminate waste in their processes. He has Bachelor and Master of Science degrees in Industrial Engineering from the University of Illinois, plus over thirty years of experience in the fields of Quality, Engineering, and Operations. Excellent communication skills combined with both shop floor and senior management experience allow Scott to easily relate to everyone in your organization.

WORKSHOP DATE, TIME & LOCATION:

Tue. & Wed, March 21-22 – Charlotte, NC

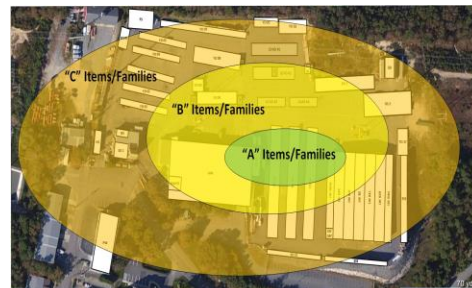

Location of Workshop: Holiday Inn Express and Suites- Charlotte Airport
108 Airport Commons Drive, Charlotte, North Carolina, 28208
