

NEW SEMINAR! AS REQUESTED!!

Advanced Estimating & Material Take-off

In Conjunction With

BMSA's Building Products Show

February 2, 2017 * 8:00 AM – 4:30 PM
Hickory, NC

After receiving many requests, Casey Voorhees has developed an Advanced Estimating Course designed to provide a deeper understanding of residential framing as well as increased efficiency in completing material estimates. This workshop will go beyond basic house design and focus on the difficult areas of completing framing take-offs.

Topics Covered:

- Irregular floor and roof layouts
- Daylight (walk-out) basements
- Margins, board footage, price conversions
- Stick-framed roofs including hips, valleys and jack rafters
- Multi-pitched roofs
- Vaulted walls and ceilings, rake framing

Who should attend?

Those attending the 2-Day Basic Blueprint Reading & Material Take-Off course may continue with this course. If registering for this session only, please be sure your personnel have the requisite experience and are familiar with interpreting plans, residential construction methods and fundamental material take-off concepts. **This is an Advanced Course.**

Instructor:

Casey Voorhees has over 35 years of experience in the building material industry including over 20 years teaching contractor sales and material take-off.

Note: Plan on arriving early on February 1st to join us for BMSA's Building Products Show directly across from the hotel at the Hickory Metro Convention Center where you'll see all the latest in products and services for the building industry! There's no charge and you'll learn a lot from seeing all the new products and services available!!
