

We have a new logo...

DID YOU KNOW???

TOGETHER, we are providing meaningful employment to individuals with disabilities.

- When you use Easterseals EnviroShred for secure document and electronics destruction, YOU are supporting the employment of people with disabilities, and veterans.
- EnviroShred helps people fulfill their goals of independence, self-sufficiency and community integration.

In addition to secure document destruction, we now offer electronics destruction.

- Guaranteed data destruction including a certificate of destruction mailed to customers upon completion.
- Sustainability and security—we partnered with Brass Valley, nationally recognized electronics, E-Stewards certified recycler and data security company.
- We offer a convenient way to recycle your electronics in a secure and environmentally sound manner.

As an industry leader, we provide the highest standard in secure document and electronics destruction.

- We are NAID (National Association for Information Destruction) Certified.

For more information, please contact Mark Papuga at mpapuga@escrec.org or at 860-728-1061.
