

## **HEALTH AND WELLNESS EXECUTIVE BOARD OF DIRECTORS OPPORTUNITY**

### DESCRIPTION

The Coquille Indian Tribe's Health and Wellness Division was created to offer integrated health with primary care, behavioral health, dental, pharmacy, public health, opioid and substance use disorder programs. Our health services promote a holistic approach to healing in a comfortable, inclusive environment. We serve our Coquille Tribal family, other American Indians and Alaska Natives, tribal employees, and the public. The main clinic is situated on the beautiful Oregon coast of the Coquille ancestral homelands. We are expanding our services in Eugene and have a vision to provide services within the five-county service area. Tribal Council has delegated health and wellness operational authority to the Tribal Health and Wellness Division. The Division is governed by a Health and Wellness Executive Board of Directors serving at the pleasure of the Tribal Council and performing its duties in accordance with the Health and Wellness Division Ordinance and the related Division policies.

The annual budget will be developed in conjunction with the Tribal Council's budgeting process;
