Happy New Year! I am hopeful that, sometime in 2021, we will be able to return to live musical performances in our beloved church. In the meantime, I'm grateful that technology allows us to create and enjoy music from the safety of our own homes. Below is a highlight reel of sacred music created by members of the Holy Apostles Choir during the pandemic. A few pieces use a split-screen format (keyboard and solo voice). We also created a number of 'virtual choir' anthems: Each singer's part is recorded individually and later blended with the other voices using software. Finally, we recorded a few pieces live at Holy Apostles as a special treat for Advent and Christmas. I hope you enjoy this musical record of 2020.

With all best wishes,

Tim Pyper
Director of Music
