

Community Engagement Tour 2026

The Arc of Colorado is thrilled to be partnering with The Arc Jefferson, Clear Creek & Gilpin Counties and coming to **IDAHO SPRINGS** to co-host a community listening session with local stakeholders to help inform and advance policy priorities for the coming year.

Our annual Community Engagement Tour is an opportunity to build relationships with community members and decision makers while learning more about YOUR unique community. We're inviting families, disability community stakeholders, elected officials, and leaders from local organizations and agencies.

We hope YOU will join us!
