

Building & Grounds Safe School Reopening Plan as of 8/13/2020

- Use of masks, social distancing and hand washing/hand sanitizer by all maintenance staff.
- All school meetings will be at the Parish Center to mitigate the number of people going in and out of the school building.
- Air filters have been upgraded and will be changed as needed throughout the year.
- Classroom heat/air units have been inspected. The fans in these units allow airflow from outside to circulate and keep the air quality in the classrooms as clean as possible.
- Leffler Cleaning will staff a porter five days a week to clean the common areas, bathrooms and school hall during the school day. Matt will help with enhanced cleaning needs throughout the day as needed.
- Teachers will be cleaning desks, chairs, tables etc. in classrooms.
- Cleaning and disinfecting of the school building five days a week in the evening.

School Daily Maintenance Schedule as of 8/13/2020

Each morning - prior to staff and students entering the building
