

## High School CYM CoEd Volleyball

CYM Volleyball is a league for students in grades 9-12. High school students are placed in one of three leagues based on the ability of the players. All leagues are coed. CYM Volleyball is a great way for students to stay connected to people from St. Joseph's and their public/private high schools.

The **Silver and Gold Divisions** are for students who take volleyball a little more seriously. This league is for more experienced players who want to continue in the sport and may or may not play on their high school team. High school players can begin play/practice when their high school season ends.

The **Bronze Division** is for students looking for an organized team that is fun and not as competitive. These teams do not have more than 2 high school or club players. No experience is necessary.
