ACADEMIC CAMPS

PHOTOGRAPHY

July 12 - 15 | 9:00am - 12:00pm | Grades 6-9

\$130

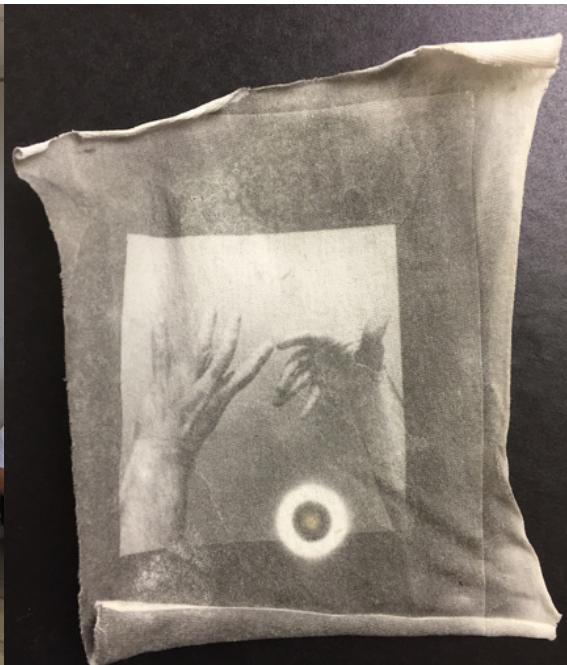

Move beyond selfies and learn photography skills! Campers will explore the basics of traditional darkroom developing in addition to digital photography. Campers will experiment with pinhole cameras, photographs, digital negatives, green screens and photoshop. A perfect camp to explore photography as an artistic medium.

INTRO TO HIGH SCHOOL ART

July 12 - 15 | 12:30pm - 3:30pm | Grades 6-9

\$165

This camp is for highly motivated art students who wish to enhance their ability to see and record the world around them. Campers will learn various strategies and approaches to drawing as well as experiment with various media. This is the perfect camp for any prospective Pius XI student as campers will learn what they will be doing as an art student at Pius XI, from life and figuring drawing, to painting to design and sculpture!

3-D MODELING

August 9 - 13 | 9:00am - 12:00pm | Grades 7-9

\$125

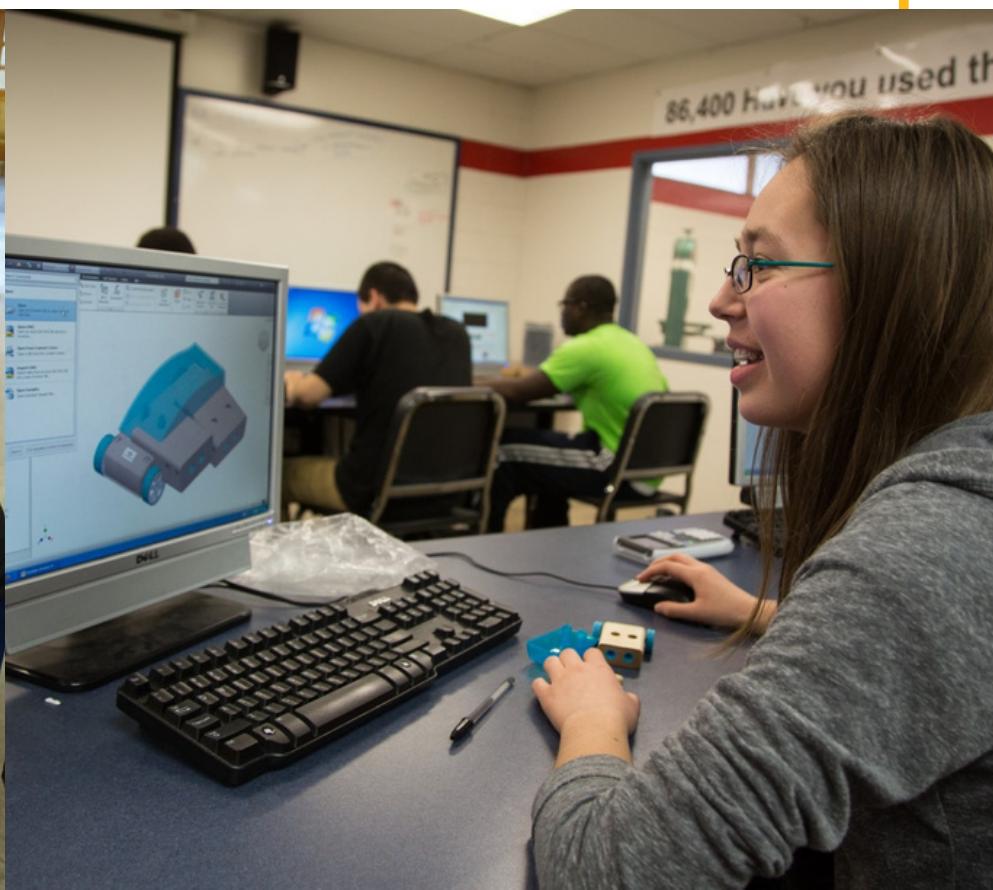

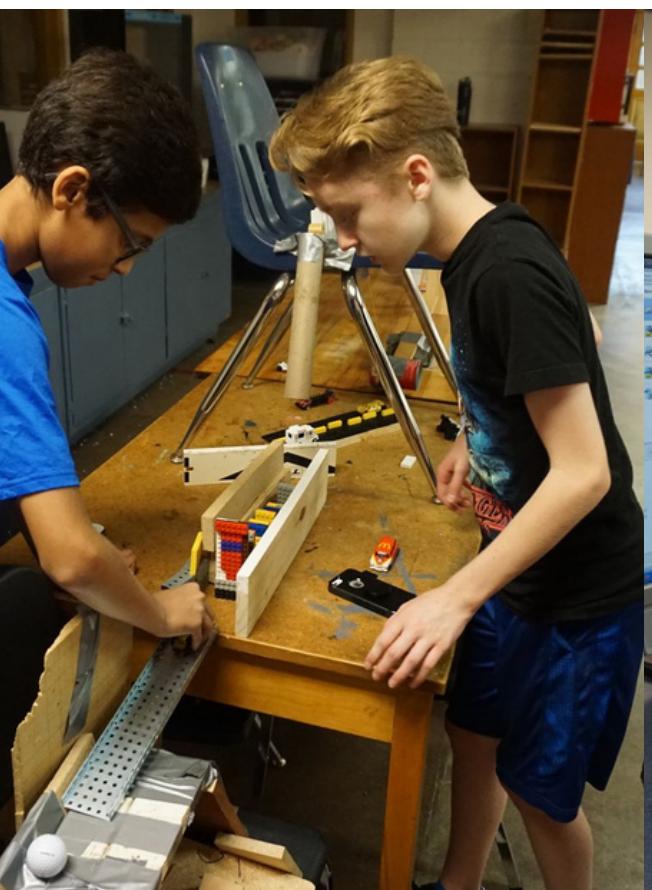

Campers will use professional 3D modeling and design software (Autodesk Inventor) to create a computer-generated model of a customized object of their choice. This camp will consist of self-directed computer design lessons that allow campers to learn and work at their own pace. Campers will design their own object to be 3D printed using Pius XI's Dremel DigiLab. Suitable for both beginners and students with intermediate skills. Printed objects will be available for pick up at a later date post camp.

ENGINEERING A RUBE GOLDBERG MACHINE

August 9 - 13 | 12:30pm - 3:30PM | Grades 6-9

\$125

In this hands-on camp, students will use creative problem solving, math and building skills to create their own machine. Following the ideas of the Rube Goldberg Competition, campers will build a complex, multi-step machine to accomplish a simple task. Campers will be assisted by members of the Pius XI Rube Goldberg Team as they put their engineering skills to work.
