

Join us for a

Future of Work

Panel Presentation

Jan. 31 & Feb. 8, 2024

6:00-7:00 p.m.

Delaware Area Career Center | 4565 Columbus Pike, Delaware

The future of work is changing at an exponential rate. This changing landscape will impact the future careers of our students in K-12 education. **Parents of middle school and high school age students**, join Tim Harman, accomplished leader in Talent Acquisition and Workforce Development, as he shares data on the **Future of Work** and engages in a panel discussion with local employers. Central Ohio is one of the largest and fastest growing economic bases in the United States. Be part of the conversation to learn how this is influencing workforce needs, agile learners, career opportunities, and educational pathways.

Agenda

- 5:30-6:00 p.m. Light refreshments
- 6:00-6:30 p.m. Columbus Region
Workforce Updates
- 6:30-7:00 p.m. Future of Work Panel

Event Facilitator

Tim Harman, Sr. Consultant with Workforce Innovation Center. Tim is a workforce expert with over 15 years of experience in industry, academia, and diversity, equity & inclusion.

QUESTIONS:

Lisa-Marie Reinhart
Career Readiness Coordinator
ReinhartL@DelawareAreaCC.org
