

**You are Invited to engage in this powerful learning experience!**  
**Strengthening Spiritual Alignment: Making Worship Dangerous Again**  
[Brian McLaren](#)   [Rev. Dr. Jacqui Lewis](#)   [Bryan Sirchio](#)

These leaders are at the forefront church revitalization and renewal – and are the keynoters of the upcoming Symposium hosted at Our Church!

How can we maximize every minute of our time gathered in public worship? How can we stimulate curiosity, eliminate boredom, intensify focus, clarify message and purpose, invite commitment, replace wasted moments with worthwhile moments, and enrich the worship experience?

Friday, October 27 from 7 - 9 pm

Saturday, October 28 from 9:00 am – 2:30 pm

**The Pre-symposium** event will be at Trinity United Church of Christ in Chicago, where Otis Moss III is pastor. Trinity UCC is a center of worship innovation and vitality in the US. Participants will get an inside look at worship, the values that guide planning and leading dynamic public worship, lessons learned and advice for church leaders.

[The Convergence Leadership Project](#) is a year-long experience of spiritual growth and leadership development to build a vital movement of just and generous Christianity. First Congregational Church of La Grange is participating in this project through the generosity of the Biegert Lecture Fund. You are encouraged to participate too! You'll enjoy a daily email meditation, a monthly webinar, and a wide array of other resources designed to help you align, activate, and accelerate - rising to the challenge of these dangerous times with faith, hope, love, courage, and passion.

Volunteers are needed to help host. See the opportunities table in the Founders' Hall.
