The Mission in Peel: With the 2025 opening of our Peel office, we have already connected with over 100 local families in just a few months. A word from a PCC Mom

"The Pregnancy Care Centre has been a pillar of strength and support for myself and my children, there has been countless times where I needed support whether it be for the children or myself. The ladies at the establishment are all warm, caring and so compassionate. I don't ever feel like a burden going there for help. We are treated like family and as a mum, this means everything to me."
