

SIDEWALK FOOD VENDING

KNOW THE RULES

Report concerns about sidewalk food vendors that may not be following City health and safety rules, including the common concerns listed below:

HEALTH PERMIT DECAL REQUIRED

All vendors who are giving away or selling food and drinks to the public must have a current Long Beach Health Permit decal visibly posted on their cart.

FOOD MUST BE SOLD FROM AN APPROVED VENDING CART

Food must be sold from a city-approved vending cart. Pop-up setups using folding tables, standalone grills, or picnic coolers are prohibited.

SIDEWALK MUST REMAIN CLEAR

Vendors must maintain at least four feet of clear sidewalk, or five feet in designated high-traffic areas. Equipment, electrical cords and customer lines may not block the sidewalk or create accessibility or tripping hazards.

TRASH AND WASTE MUST BE PROPERLY DISPOSED OF

Vendors may not use public trash cans for business waste or dump grease, wastewater, melted ice or food waste onto sidewalks, streets, gutters or storm drains.

NO TABLES OR CHAIRS FOR CUSTOMERS

Tables, chairs, umbrellas and canopies may not be provided for customer use.

HOW TO REPORT A CONCERN

**Use the Go Long Beach app
or visit LongBeach.gov/GoLongBeach**
