CCE IS NOW OFFERING **FREE VIRTUAL**

## **NARCAN TRAINING**

Narcan, also known as naloxone, is a medication used to reverse opioid overdoses. Now more than ever, individuals are encouraged to prepare themselves with the training and confidence they need to respond quickly in an overdose situation.

### **Training will include:**

- How to recognize an opioid overdose
- How to administer Narcan
- How to care for an individual until emergency services arrive

**Individuals who complete the training will receive a Narcan kit**
