

Josue Joseph

Josue is a gifted bible teacher in our public high school teaching program. Having 4 years of seminary education, he is well qualified to live and teach God's Word to the Haitian youth. Josue began attending our New Life Discipleship bible study in 2022, which ignited his passion to teach and serve the next generation. Josue is a dedicated husband and father, a talented piano player, and a humble man of God. Josue also serves as a deacon at the church where he first accepted Christ. We value having Josue on our CIDM team.

Josue is our newest bible teacher, who began with us January 2024.

Since we have not yet shared his whole story, we'd love to share it with you now.
