

# CHILD & FAMILY OUTREACH NEWS

February 2019

## GOOD WORKS

Happy February!

I wanted to share with you some fantastic news we received in a meeting with Westerly Hills staff and Read Charlotte! Mid-year test results are back and our HELPS students showed significant growth!

A group of FPC members and community volunteers began tutoring 11 students using the HELPS intervention in late November, so we weren't terribly optimistic about growth given the short time period and two holiday breaks. We were shocked to see that 8 out of 11 students (82%) showed tremendous growth, and 3 of those students scored so high they would no longer be identified as needing the intervention! (Read Charlotte had to go back to the HELPS developer to find out what to do – they weren't anticipating that level of growth!) We are thrilled to see that level of progress and so grateful to Read Charlotte for introducing HELPS to us.

HELPS and Heart Math Tutoring are both highly effective programs, and knowing how well they both work, I wish so badly we could reach every student who needs help. Think of the impact we could make!

There are lists of students still waiting for both Heart and HELPS tutors. You can learn more about HELPS and sign up to tutor [here](#). You can learn more about Heart and sign up [here](#). Even if you can't tutor, please consider forwarding this information to a friend, neighbor or youth who can! We can support our kids at Westerly Hills in many different ways! Thank you to all our amazing tutors! Great work!

Grateful for you,  
Heather
