Hello!

Block Island Maritime Funding has been active in accepting boat donations on behalf of various maritime charities for over 23 years. We're a 501 (c)(3) organization with an excellent reputation for integrity and responding quickly.

The advantages as a broker and to your client if you suggest a possible boat donation are as follows:

⚓ Proceeds from the sale minus expenses will go directly to one or more maritime charities of the donors choosing.

⚓ The listing will continue with you and your company.

⚓ You will receive a **20%** commission on boats with a relatively recent survey at the time of sale.

⚓ Usually a one day acceptance of a boat for donation with a recent survey.

⚓ A very quick transfer of ownership to Block Island Maritime Funding eliminating yard fees, insurance, and the cost of repairs.

⚓ For tax write-off purposes, appraisals of vessels being donated usually carry a value higher than current market, particularly in an aggressive market environment.

Please call 401-440-9390 or 207-669-4999 if you'd like to discuss various scenarios or a specific donation.

Come say hello to us at the Newport International Boat Show this week!
