Reduce your liability, increase morale, recruitment and retention! Plus, provide a safe office!

Brokers, managers and owners will learn to:

- Follow steps to protect and secure the physical office space. Plan for protecting staff, clients and agents in the office. Includes CPTED (Crime Prevention Through Environmental Design) and workplace violence plan.
- Secure office equipment.
- Implement emergency and disaster workplace planning and a workplace violence plan.
- Plan document disposal and destruction. Implement scam and fraud prevention techniques, including ID theft prevention.
- Establish first aid, emergency and agent medical safety procedures.
- Create safe agent work practices, policies and procedures to protect the agents and consumers.
- They will receive an office safety policy and practices handbook, implementation instructions and MORE!
