

WE HAVE FUNDING...

AND WE WANT YOUR FARMERS MARKET TO GET SOME!

Link Up Illinois enables Illinois farmers markets to implement Link Match programs, providing funding and technical assistance to double the value of SNAP/Link purchases.

By offering a Link Match program, your market will make fresh fruits and vegetables more affordable for SNAP/Link recipients AND will support Illinois' local farm economies!

For more information and to apply for Link Match funding, contact linkup@experimentalstation.org.
